

HOSPITALITY MANAGEMENT DIPLOMA PROGRAM

ABOUT THE PROGRAM

Quantum's Hospitality Management Program not only builds a solid foundation for students who are passionate about the hospitality industry, but also provides an academic pathway for international students who would like to gain more work experience in Canada and pursue a career in hospitality management related fields at the same time. In this one year program, students will be given the opportunity to learn from field experts with decades of experience in Hospitality Management; our instructors come from top management positions at a wide range of internationally run hotels, such as Hilton and Shangri-La. Graduates will walk away with a diploma from AHLEI and Quantum and a whole world of diverse opportunities waiting for them, from hotels and resorts, to casinos, restaurants, tourism services, and more.

WHY QUANTUM?

For students looking for knowledge, support, and first-hand experience in the hotel industry and other related fields—look no further. Quantum's Hospitality Management Program provides all of this and more, allowing students to move towards their degree on a pathway that is streamlined for their success. Students will learn the roles and operations of various positions and departments in the hotel industry, all while gaining a more thorough understanding of what it means to use their degree in the working world.

WHY ELSE?

- Hong Kong graduates can directly apply for Canadian permanent residency
