

Pathway Confirmation Letter

-Between-

Quantum College (Quantum) - and- City University Canada (CityU)

According to the signed **Pathway Agreement** between the parties, City University Canada (CityU) will provide transfer credits to students of **Quantum College (Quantum)** who have successfully completed the following Diploma:

- **Diploma in Hospitality Management**

CityU Bachelor of Arts in Management

Students graduating with one of the above mentioned Diplomas are eligible for admission to CityU's Bachelor of Arts in Management (BAM) program. Students are still responsible for applying to CityU and meeting program specific admission criteria, including English proficiency, as set forth in CityU's General Catalogue.

BAM Transfer Credits Basis

Any student who has completed all the courses contained in the applicable **Quantum** Diploma program with a grade of 1.0 (D) or better and has a GPA of 2.0 or better will qualify for the block transfer credits laid out in the following baseline BAM program plans. They must also complete all of the BAM courses identified in the baseline program plan for their program with a grade of 1.0 (D) or better and maintain a GPA of 2.0 for the duration of their participation in the BAM program.

Quantum students who have completed undergraduate studies at other accredited institutions may qualify for additional transfer credits upon the submission of official transcripts to CityU in Canada's Enrollment and Student Success Office. Any such additional undergraduate credits will be evaluated by the CityU Registrar's Office and included in the official program plan issued immediately prior to registration of the student into the BAM.

Quantum students must have successfully earned at least 45 transferrable quarter credits to satisfy the CityU English language proficiency criterion and qualify for admission to the BAM.

*We teach in a global and local perspective
You can earn your degree in 18 months!*

Page 1 of 3

In order to graduate with a BAM degree, students must earn a total of 180 undergraduate quarter credits.

CityU will accept up to 90 undergraduate lower division quarter credits from students enrolled in Quantum programs towards completion of a CityU BAM program. Students from Quantum Diploma programs will have to meet CityU's General Education Requirements (GenEd Reqs) that include:

- ✓ **College Composition II** (5 credits)
- ✓ **Mathematical Reasoning** (5 credits)
- ✓ **Humanities** (15 credits)
- ✓ **Social Sciences** (15 credits)
- ✓ **Natural Science/Math** (15 credits).

CityU Bachelor of Arts in Management

If they have less than the requisite total at the end of the BAM program, they may earn the balance from CityU online or from any other accredited undergraduate institution, on either a full-time or part-time basis.

BUS 426 Business Analytics for Decision Making (NS)	5
Total	15

Notes:

¹ Mandatory for all BAM courses across CityU worldwide

² Mandatory for Canadian BAM with an emphasis in sustainability and ethics

³ Offered in Canada for the BAM with a Specialization in Sustainability and Ethics; a student could elect to take other electives offered online by CityU provided that the GenEd Reqs for the BAM program were still met. For example, SCI 306 might be needed by certain students to ensure sufficient NS credits.
